Brian Thompson of Mapes and Miller presented the Norton City Council with the City's 2013 audit report at its Wednesday meeting.

Thompson said the City complied with all Kansas statutes and no statutory violations or areas of non-compliance were found.

The only negative aspect of the audit,

according to Thompson is the City's debt.

"There is a pretty good amount of debt, other than that it's fine. There are pretty decent cash balances in the general funds," Thompson said.

After the report, the Council approved the 2013 audit report.

Kristine Knapp and Tonya Stover of Norton Trails told the council that they are applying for a grant to help Norton

get funding for sidewalks. The grant is for \$15,000 to hire an engineering firm for design fees. This is phase one of the project, according to Knapp and Stover. If the first grant for designer fees is approved, they will proceed to phase two, applying for larger grants, up to \$200,000, to help pay for the sidewalks. Knapp and Stover said that they have completed the initial application process, but if approved the

grant will have to be administered by the city and required the council to pass a resolution.

The council then passed Resolution 13-2014, and said the City will support the grant application and administer it, if funded.

Council member Gary Lacy reported he had received two requests for

The U.S.D. 211 Board of Education elected a new president and vice-president at its Monday meeting. Robert Wyatt was appointed to serve as president of the board for the 2014-15 school year, by a vote of 5-1. Wyatt abstained from the vote. Bill Jones was appointed to serve as vice-president.

Also, Wyatt was appointed as the board's representative to the Curriculum Coordinating Council and as the board's representative on the Kansas Association of School Boards Governmental Relations Board.

Other appointments include April Karnopp as the board's representative to the North Central Kansas Special Education Cooperative Board of Directors, and Craig Renner as the board's representative on the

Professional Development Council for the 2014-15 school year.

Superintendent Greg Mann presented the board with the proposed 2014-15 budget. Following a discussion the board approved the budget for publication with a capital outlay mill levy of 5.5 mills and a Local Option Budget of \$1.74 million, by a 5-1 vote. Steve Berry voted no. The board will hold its budget hearing at 7:30 p.m. on Monday, Aug. 11, in the U.S.D. 211 board room.

Representatives from the Norton Kids Wrestling Club, Jamie Amlong and Justin Carter, said they will be purchasing some new wrestling mats. They asked, if the mats were donated to the school, if the board would allow the club first access to the mats and allow them use of the school's facilities for their tournament at no charge. The

board agreed to a 20 year commitment and Superintendent Mann will confirm the agreement with a letter to Amlong.

Mann also reported that the steam boiler at Norton Community High School needs to have a gasket replaced,

and there has been some vandalism to bus #10, which had been parked at East Campus.
