Keep Oberlin
LOOKING CLEAN!

IMMUNIZE YOUR TRUE PRIZE

Babies depend on you, as new parents, for so much in the early stages of life — food, shelter and lots of love. They also count on you to protect their future, so that they may grow up healthy.

That's why it's essential to immunize your child with the proper vaccinations by 24 months of age. You'll lower or eliminate the risk of many preventable diseases and illnesses. It's the best way to protect your future, and the future of the new life with which you've been given.

Contact your provider today and find out if they participate in the "Immunize and Win a Prize" vaccination program. Keeping your child's immunizations up to date is a gift you'll both be grateful for.

This message brought to you by the Kansas Department of Health and Environment and its partners. For more information, visit KSHE at <http://www.kdhe.state.ks.us/immunize>
