Monday evening 15 members of the Fort Hays State University cross country team stopped in at the Country Store. The team was biking and running the 462 miles across Kansas to raise funds for uniforms and travel. The group would divide into smaller groups of three or four people and travel 14 to 20 miles, two biking, two running, while the van with the rest of the team rode ahead. When reaching the designated distance, the members switched from biking or running to riding in the van. Amber Stephens of Colby was a member of the team and they all spent the night in Rexford.
