» A dedicated heart team...
within reach.

When Dad started having chest pain, I didn't realize how critical the first few minutes were to preventing damage to his heart. The Good Samaritan Hospital paramedics transported him to the Level II trauma center where the heart team opened his blocked artery in less than 30 minutes, preventing any damage. I guess time really is heart muscle, which is one reason why Good Samaritan was the first accredited Chest Pain Center in the state.

Our family is really blessed to have such skillful care close by. When seconds count, the best care from arrival to dismissal is...within reach.
