Corrections

A story in the Nor'West Newspapers Rural Health edition earlier this month said that the staff at the Decatur County Hospital agreed to cut back to 38 hours a week to save money. The employees actually went to 34 hours a week.

The same story said the hospital had eight patients in September. It had eight acute-care patients that month. These were reporter's errors.

☆☆☆☆
In the same edition, a story about Peterson Chiropractic gave his office hours from 6 to 7:30 a.m. on Mondays and it was supposed to say 6 to 7:30 p.m. The story also didn't include that Dr. Peterson's wife Pat is his office manager. These were reporter's errors.
