Boys relay team takes first place

The Decatur Community High boys 4x800-meter relay team won the state championship in Wichita over the weekend at the Class 2A State Track and Field Meet.

Oberlin sent 10 girls and five boys to the state meet after a successful regional meet in Smith Center the week before.

Besides the gold medal for the relay team, the Oberlin teams came home with eight medals, a third, four fourths, a fifth, a sixth and a seventh place.

The 4x800-meter relay team with seniors Dalton Jones, Brent Juenemann and Tyler Shields and junior Zach May finished their race in 8 minutes, 13.45 seconds, a new school record.

- Other medalists were:
- Sophomore Kayla Jones, high jump, 5 feet, third.
 - D. Jones, 800 meters, 2:01.83, a new school record, fourth.
 - Senior Kiah Blau, shot put, 37-6, fourth.
 - Junior Miki Dorshorst, 200 meters 27.51, fourth.
 - The boys 4x400-meter relay team of Jones, May, senior Nolan Henningson and Shields, 3:34.29, fourth.

- Junior Cassidy Shields, 300-meter hurdles, 49.35, sixth.
 - The girls 4x400-meter relay team of Polivka, Cassidy Shields, Jones and Dorshorst, 4:16.49, seventh.
- "It was great to see our boys 4x800 relay repeat as state champions and set another school record," said Coach Jeff Jones.

"Dalton had an outstanding meet and finished off an outstanding career at state, where he earned nine state medals in his four years.

"Kiah did a great job in the shot put this season and placed at state for the second year in a row."

- Other Oberlin results:
- Dorshorst, 100- and 400-meter races.
 - Rouse and Caitlin Shields, 1,600-meter run.
 - Alexis Hissong, 100-meter hurdles.
 - T. Shields, 1,600- and 3,200-meter runs.
- The state meet ends the track season. It was the first time all year that the girls team had not taken first place in a meet.
- Both the boys and girls teams took 12th at state.

PUTTING ALL HER EFFORT into the throw, Kiah Blau was ready to hurl the shot at the Class 2A state shot put contest in Wichita over the weekend. She took fourth place.
