Ellen June (Manteuffel) Henderson

June 21, 1929 - Jan. 3, 2007 Ellen June Henderson was born June 21, 1929, to Walter and Viola Ellen (Evins) Manteuffel on her grandparent Evins farm, southwest of St. Francis. She died Jan. 3, 2007, at the Cheyenne County Hospital.

June attended the St. Francis Community High School and graduated in May 1947. While in high school, she expressed her musical side by participating in the a cappella choir and the school band. Her favorite hobby at this time was playing the piano. She once commented, "I wasn't a genius at it, I just loved to sit down at the piano and play pretty pieces." She had very few lessons but attended them whenever money and time allowed. From there her music grew.

She was united in marriage to Virgil Henderson on May 16, 1947, in Wray, Colo. To this union six children were born, Virginia, Darrel, Steven, Brent, Brenda and Becky.

Caring for her family was always her number one priority and to do this she sometimes worked more than one job at a time, often times putting in 20 hours a day. Many people remember her running the Top Lunch for Jim Jones, waiting tables and washing dishes at the Sainty Cafe, the Bay Cafe and cooking at the Bon Ton Cafe. She often commented that she worked in every restaurant in St. Francis. Working for Caldwell's, Jim Jones Phillips 66, handling numerous bookkeeping jobs and delivering the *Denver Post* were some of the other jobs she diligently worked at to provide for

In 1977, while working at Keeler's Building Supply, she decided to run for the register of deeds office in Cheyenne County. She was sworn into office following that election and in 1997, after 20 years of service to Cheyenne County, she retired.

June joined the Lawn Ridge Church at the age of 12. She was a member of the First Baptist Church at the time of her death, having been a member since 1972. She continued her love of music by playing for church services and special music, served as clerk and was a very active part of the Bap-

Keeping herself active and volunteering was something she took very seriously. June became a member of the Veterans of Foreign Wars Auxiliary Post 1528 on Dec. 10, 1951, and had been the treasurer for many years.

On Feb. 15, 1972, she became Rebekah Lodge 675 holding

During her years of service to these organizations she continued to bless those around her with her love of music by playing the piano whenever needed.

Even with as busy as she was, she still found time to travel. Spending time with her family was something she never missed an opportunity to do. She spent many hours traveling to see the new additions to the family, catching a concert, attending graduations, car races, or just supporting them in whatever they did. St. Francis Public Library The Cottage By Danielle Steel

A gleaming Rolls-Royce pulls through the gates of the magnificent Bel Air estate known as The Cottage. The man behind the wheel is Hollywood's ageless wonder, Cooper Winslow. A star of the silver screen for or decades, a man whose allure to women is legendary, Coop exudes old-fashioned glamour. But Coop is broke. And with no major roles coming his way, he is faced with the prospect of selling his beloved home, or at least renting out parts of it.

His new tenants, Mark Friedman and Jimmy O'Connor, are coping with their own problems. Mark's wife just walked out, and Jimmy recently lost his own wife to illness. And when Mark's teenage children move in, The Cottage is transformed, with music blasting and teenagers on skateboards crashing into vintage cars. But amid the chaos, three men are becoming unlikely friends...and each finds himself changing. Coop most of all. Because beneath the dazzle and the bravado is a man trying to keep control of his carefully ordered world. A scandal threatens Coop's romance with a wealthy debutante...A devastating accident almost claims the life of one of the housemates...The Cottage welcomes a new house guest who will change Coop's life in unexpected ways. Among the people who now share his life, Coop Winslow may find a chance to build a happiness he could never have dreamed of, and to become the kind of human

being he has never been. Against a glittering backdrop, Danielle Steel tells a deeper story, of the choices and unexpected turns of fate that can shape characters and lives.
